

Today we travel back in history on our docent lead tour of the Richard Nixon Presidential Library. We will enjoy the special exhibit Apollo 11: One Giant Leap for Mankind. The exhibit celebrates the 50th anniversary of the historic Apollo 11 moon landing. Museum-goers will take a thrill ride through the Space Race of the 1950s and 1960s. The exhibit's 360-degree virtual reality experience will transport visitors to the lunar surface on July 20, 1969, to see and hear Neil Armstrong's "one giant leap for mankind."

Our journey will also take us through Richard Nixon's life, showing him as a man who rose from humble beginnings to become a U.S. President and one of the most notable figures of the 20th Century.

The Library features nearly 70 major exhibits, including an exact replica of President Nixon's Oval Office and an extensive exhibit on Nixon's historic trip to China. It also features 30 unique multi-media experiences, 11 original films, 12 custom digital interactives, 10 curated archival film sequences, more than 600 photographs, 8,000 square feet of wall murals and more than 300 artifacts and more!

We will Stroll the First Lady's spectacular rose garden, walk through the actual 1912 house where President Nixon was born, explore an entire wing of the museum dedicated to the Watergate scandal and visit the numerous galleries featuring fascinating displays illuminating President Nixon's life, his rise to power, and his achievements that shaped his legacy as a great diplomat. *We will also enjoy a terrific concert that is part of the Sunday Music Series.*
